FEATURED SPECIALTY ACT

Felix Santana and Romano

My name Felix Santana and I am 3rd generation horseman coming from a ranching family in Jalisco Mexico. I always loved the connection between the horse and human but was away from the horses after moving to the US at a very young age. It was until I was in my late teens when I decided to get back into it and started taking lessons from my uncles Miguel Andrade and Fermin Andrade in Perris California on the "High school" style of training (Alta escuela) which got my career started, there after I started getting direct mentorship from Francisco Zamora who was also a PRCA act in his earlier years, as well as Oscar Borjas in Spain still to this day which I feel has taken my horsemanship and skill to the next level. The specialty act that I showcase is based on Spanish style riding and natural horse foot work that is used for bull fighting and doma vaquera, along with showcasing my horse's talent and athletic ability that also includes tricks. My Andalusian stallion "Romano" and I have been together for 5 years now, and he loves to perform along side with me, showing his trust in me being that he was untrainable and neglected in his early years. Together we have been performing all over the country bringing a new style of act and horsemanship to the pro rodeo industry and are very excited of what the future holds…

BULLSKULLZ - 2025 ALL AROUND AWARD SPONSOR
FOR THE DAGGETT HERITAGE PRCA RODEO & CELEBRATION

Bull Skullz is a division of Double U Leather LLC, owned and operated by Wayne Wise in Dublin, TX. While Wayne may be best known for his voice as a professional rodeo announcer for the past 30+ years, his hands are making a name for themselves as well. Basically a self taught master leather carver, Wayne has taken his talent to a new level.

The entire process is quite time consuming and Wayne is meticulous about detail. When someone actually sees a skull in person, the details are the thing that people gravitate towards. Wayne uses only the finest Hermann Oak leather and obtains the skulls from The Little Glass Heifer also located in Dublin, TX. The skulls are boiled, power washed and sun dried, making them completely pure and clean.

If you're a lover of unique, fine art, a leather carved bull skull could be your answer. Each skull is different and no two will ever look the same. They are a great conversational piece in an elegantly decorated Western home.

PATRIOT NIGHT – AUGUST 29TH, 2025

THE HERITAGE OF FAITH, FAMILY, & FREEDOM

Rodeo Bible Camps of America was established to share the gospel with all who love the "country way of life". They are dedicated to preserving our nation's Christian heritage and the sport of rodeo by teaching our young to live with INTEGRITY, HONESTY, MORAL, CHARACTER AND COMMITMENT.

Currently there are 16 Rodeo Bible Camps of America nationwide. We encourage you to reach out to see how you can start a camp in your area.

The most local Rodeo Bible Camp in this area is Flat Tops Rodeo Bible Camp in Rifle, Colorado, which just finished its 23rd consecutive year this past June.

The Rodeo Bible Camps give young people the opportunity to get to know Jesus Christ in a very personal way. It's true they teach rodeo skills with some of the most amazing instructors available; world champions, college champions, very experienced, long time rodeo contestants, and some of the brightest young Christians in the sport of rodeo today! But ultimately, the Rodeo Bible Camp instructs youth in the sport of rodeo while bringing Christ back to the forefront of their lives. The kids establish a "relationship" with Christ.

We encourage all adults to send the youth in their lives to one of the Rodeo Bible Camps of America or establish a camp in your region to reach more kids. Our youth are the next generation of our nation's leaders.

WHO WE ARE

Stand in the Gap emerged in response to the events of January 6, 2021, a day that underscored the pressing need for justice reform in America. The treatment and legal challenges faced by January 6th defendants sheds a stark light on the flaws within the justice system. This pivotal moment ignited a passionate commitment to address these issues and stand up for the rights of those affected. Stand in the Gap was founded to provide essential support for January 6th defendants navigating the justice system, advocate for justice reform, and serve as a beacon of hope amid these challenging circumstances.

OUR MISSION

They stood in the gap for us on January 6th,
it's time we stand in the gap for them.

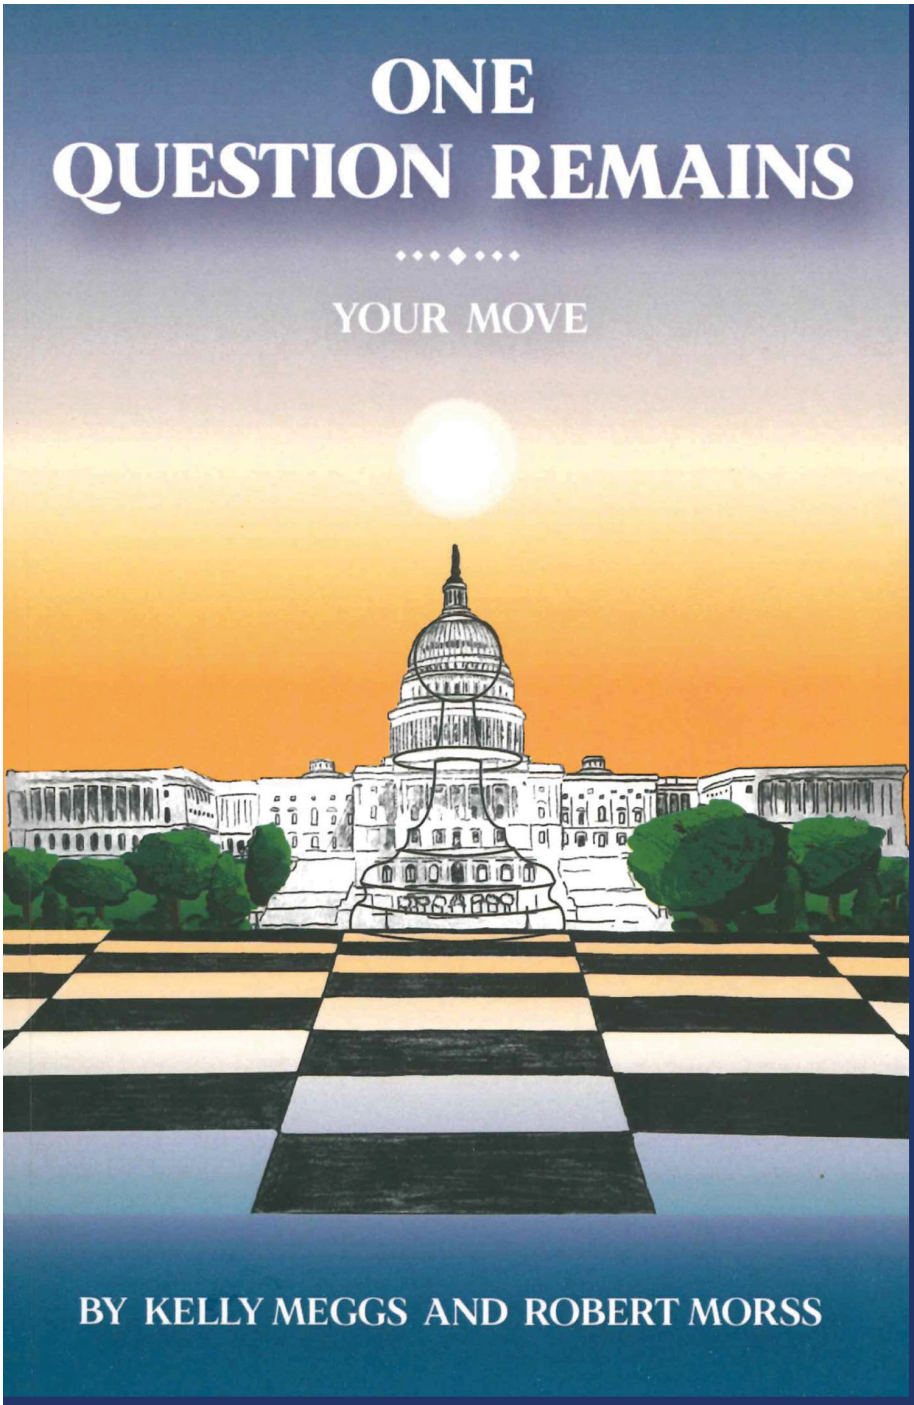

Our mission is to raise over a million dollars to provide critical support to January 6th defendants. The urgency of our work cannot be overstated, as every passing day represents one more day these defendants are separated from their families. **Our primary focus is on appellate legal support for these individuals and to help us continue funding Operation Love Wins, a crucial visitation assistance program that keeps family bonds strong.**

Image what we can achieve if everyone plays their part. This isn't just about reaching a financial target; it's about transforming lives, advocating for justice, and reuniting families. The needle will be moved, and our mission will surge forward, touching the hearts and futures of those we serve.

WWW.STANDINTHEGAP.FOUNDATION

From the dungeons of Philadelphia, two blocks away from where America's founding documents were signed, and message of inquiry and hope is delivered out of the minds of dual prisoners of political warfare. A Businessman turned Oath Keeper and an Airborne Ranger turned Teacher combine their knowledge, experience, and determination to offer their take on how they ended up in captivity for their roles on January 6th, how the entire county has been egregiously lied to, and where the nation can go from here.

As a labor of love and enlightenment, Kelly Meggs and Robert Morss have several pieces of crucial information they would like to offer as well as ask of You. "One Question Remains" will leave the reader ready to swan dive into the rabbit hole of the latest national "conspiracy theory" and change the mind of its readers for good.

HERITAGE DAY - AUGUST 30TH, 2025

THE HERITAGE OF FAITH, FAMILY, & FREEDOM

The Daggett County rodeo arena was moved to where it is today around 1925. The original grounds used to be approximately 1 mile South of Manila along the bench. The arena was made up of cedar posts and poles, and the bucking chutes were made of 2x8 rough cut lumber. The roping chutes were located at the top along with four bucking chutes. The older parts of the arena and pens were made up of 2x6 lumber, painted white, constructed by the Lions Club of Daggett County. Those involved include: Junior Reed, Dewey Erich, Gene Ruble, Gene Campbell, Allen, Gary, Forrest, Raymond, and Boyd Pallesen, Doyle and Bob Slagowski, and Gene and Floyd Briggs. These grounds were torn down in 1965, but some of the white wooden pens and arena still stand today on the West side. The West grandstand on the North side was constructed in 1945 by John Bennett. The East

grandstand on the North side was built in 1973 by Chuck Willis and Raymond Pallesen. The West grandstand that sits on the South side was built in 1978 by Billy and Kevin Ralphs, and Boyd Pallesen. In 1996 the roping chutes were moved to the bottom of the arena where they stand today. The old wooden bucking chutes were removed, and new ones were constructed with the help of the Lions Club of Daggett County including Mark Anderson, Donald Pallesen, Bill Schell, Mark Wilson, Paul Briggs, Don Williams, Rod Miller, and Matt Henry. Some folks that worked for the forest service helped as well.

In early rodeo history, the locals from Manila rode their own bucking horses. They ran these horses to the North on Cottonwood and Antelope. They would round up the horses and bring them down to the arena during rodeo times. A pasture to keep the horses existed where the Daggett County park area is today. The Daggett County Roping Club used to pasture there during the summer months.

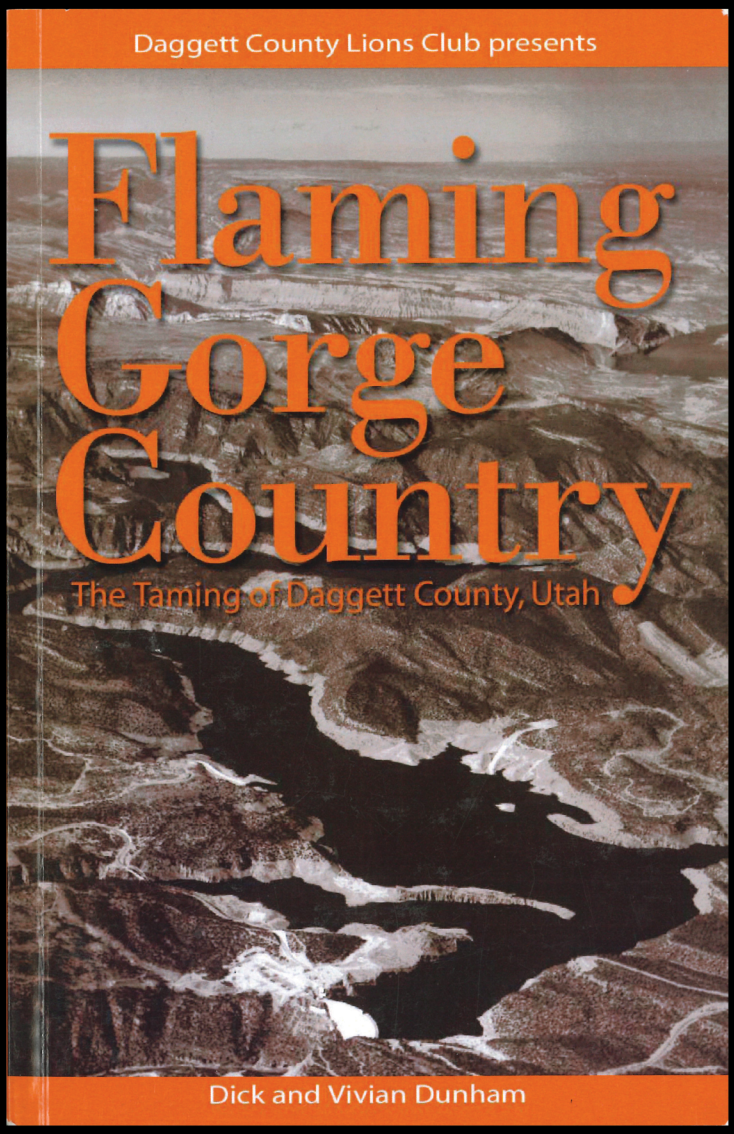

The rodeo arena was used two to three times a week in the 1960's, 1970's, 1980's by the Horse 4-H Clubs, and Raymond and Boyd Pallesen had fifteen head of bucking horses used during these times. Local riders came to practice on them.

The rodeo area hosted the Manila High School Rodeo Club's High School Rodeo every Memorial Day weekend for several years. Only a handful of stock contractors have used these grounds including Dee Allred, Dick Bennett, Mascaro, Billy Crittenden, Danny Clegg, Powder River Rodeo, LLC, and Broken Heart Rodeo. In 2007 Raymond and Roxey Pallesen started the Cow Country Junior Rodeo, later being taken over by Raymond Terry, then by Matt Henry, and now a committee who hosts it every year over the summer months. The Cow Country Rodeo has been holding its annual rodeo at the arena for many years. In 2017, Daggett County started its first PRCA rodeo to coincide with the Daggett County Centennial Celebration, and it has grown larger every year. It is now known as the Daggett Heritage PRCA Rodeo & Celebration.

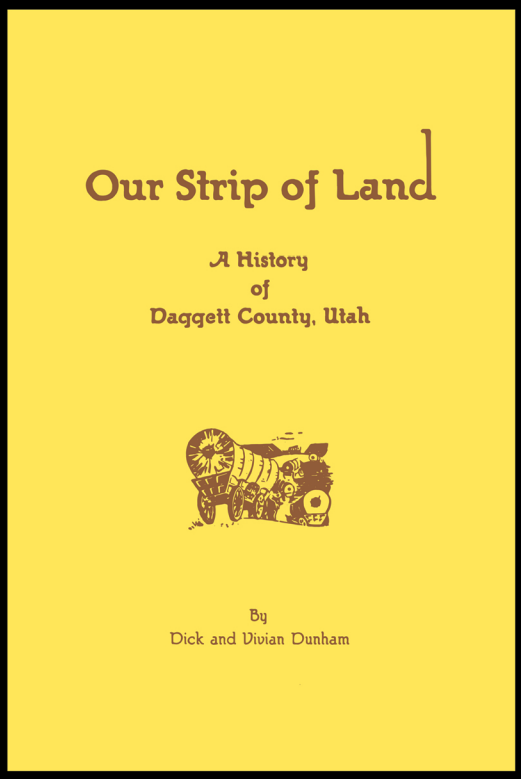

We want to thank everyone that has been involved in the Daggett County Rodeo tradition. If we left out any names, it was unintentional and not for lack of their importance.

THANK YOU TO RAYMOND PALLESEN FOR PUTTING TOGETHER THIS HISTORY.

About the Authors

Richard "Dick" Dunham, a native of New York, received his bachelor's and advanced degrees from Cornell University. Teaching at Wayne State University in Detroit, he met and married Vivian, a concert pianist.

The Dunhams came to Daggett County in 1946 on an adventure, spent a couple of years there, and wrote a history of the region.

Confirmed outdoors people, the Dunhams spent many summers roaming the mountains with their own pack train.

In 1976, Dick, retired from the University of Wyoming and living in Denver, revised and enlarged their book, originally titled Our Strip of Land, and renamed it Flaming Gorge Country. In 1981, he transferred the rights to the book to the Dagget County Lions Club.

"Flaming Gorge Country" Available For Purchase at Daggett County Courthouse (435) 784-3154 & Daggett County Centennial Museum in Manila, Utah

The scenic wonderland that's Daggett County, Utah, holds a unique place in Western history. Camping ground of Utes and Shoshonis, it early became a favorite trappers' rendezvous. Mountain men squatted here to enjoy a free and easy life, making it the first settled region in the Intermountain West.

Throughout the book you'll meet an intriguing array of rough and ready, free-minded individualists—traders, prospectors, cowboys, bullwhackers, sheep and cattle men, homesteaders—living (part of the time, at least) by the unwritten but strict code of the West; and it boasts as fascinating a catalogue of rascals—rustlers, horse thieves, outlaws, stage, train, and bank robbers—as ever graced a display of wanted posters ... the James boys, Kid Curry, Butch Cassidy and the Sundance Kid, venomous Harry Tracy, the nefarious killer Tom Horn—to name just a few.

Through extensive research, the authors have unearthed a lively and entertaining blend of fact, legend, tradition, and amusing anecdote which make its colorful characters come alive.

THE YOUTH EXPERIENCE

As a member of the Wyoming 4-H Program, we look to provide the following experiences to youth:

The opportunity to set goals, keep records, and reflect on their learning in a project area.

A caring adult to provide the support needed to develop like skills through project work.

Opportunities for hands-on learning experiences.

A place to publicly display their learning in one or more project areas.

Opportunities to use the skills learned in their club and project work at a county, regional, state, national, and international level.

CHARITY DESCRIPTION:

"4-H programs are grounded in the belief that kids learn best by doing. Kids and teens complete hands-on projects in areas like science, health, agriculture and civic engagement, in a positive environment where they receive guidance from adult mentors and are encouraged to take on proactive leadership roles." National 4-H Council

EMBLEM MEANING:

The 4-H flag consists of a green, four-leaf, stemmed clover on a white background. The clover has a letter "H" in white or metallic gold on each leaf. The H's stand for Head, Heart, Hands and Health. The 4-H emblem symbolizes the aim and desired results of effective learning for each individual.

1902: YOUTH CLUBS ARE FORMED

A. B. Graham started a youth program in Clark County, Ohio, in 1902, which is considered the birth of 4-H in the United States. The first club was called "The Tomato Club" or the "Corn Growing Club". T.A. Erickson of Douglas County, Minnesota, started local agricultural after-school clubs and fairs that same year. Jessie Field Shambaugh developed the clover pin with an H on each leaf in 1910, and by 1912 they were called 4-H clubs.

FFA CREED

I believe in the future of agriculture, with a faith born not of words but of deeds – achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so–for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.
